the new era of digital learning

The Finnish Association of Principals

Finnish principals share their knowhow. The Finnish Association of Principals has signed a distribution agreement on 18 January 2018 with Mobie Academy, a new Finnish content producer, on the distribution of leadership training courses on the global Mobie Academy platform. The courses will be designed and run by Finnish school principals and they will focus on the following themes, for example:

- Decision making in difficult situations at schools
- Large scale pedagogical leadership – Finnish way of leading the schools
- Coaching leadership
- Introduction to Finnish school system and curriculum
- e-Learning and administration tools of schools

- The time of school dilemma - headmaster's daily, weekly and yearly workload
- Work counseling for school leaders
- Leading a multicultural school
- Curriculum implementation
- Networking and internationalising schools

The goal of the courses is to provide educational decision-makers, school principals and administrators with deeper understanding of how Finnish schools are led and what the key elements behind the success story of the Finnish school system are. **What is the daily routine in the Finnish schools and how are they led? Our association has more than 1,200 members to provide information about the systems and the stories behind it.**

What is it?

- Production and distribution platform for digital learning materials and a global web shop
- Multi-channel learning and training system for education exporters, educational institutions, schools as well as teachers and individual trainers.
- Personal learning environment and portfolio
- Easy to use, anytime, anywhere, compatible with all devices
- Highly versatile learning environment developed in collaboration with more than 2400 Finnish teachers and 100 schools.
- Group and student level study tracking and assessment tools
- Private video tutoring
- Electronic achievements (Badges) and printable certificates of completed courses
- Web shops and server centres in 11 countries around the world
- Free for content producers and trainers

Mobie Academy

Study and Develop Yourself – Anytime, Anywhere

Is your organisation an education exporter?

Is your organisation training internationally? Mobie Academy is a global web service enabling you to conduct your online trainings in any part of the world, thanks to our server centres and web shops covering 11 different regions, including e.g. China, India, Middle East and South America. The service enables you to create your own learning materials or take advantage of the materials already being sold in our web shop. You can also include individual or group video lessons in your courses.

Learning and training materials for global distribution

Do you produce learning or training materials for global distribution? Mobie Academy's digital production platform enables the production of highly versatile digital course materials with interactive elements and adaptive learning paths. You can distribute the materials globally in 11 different countries through the integrated web shop and collect revenue seamlessly – all through the same channel.

The service is free for content producers and training vendors.
